Course Cost.....18

Tractor Trailer Operator Programs

Tractor Trailer Operator (Oil, Gas, Constru. /Heavy Equip. Training) II.....3

Policies & Procedures

Student re-entry plan.....46

American Career Training (ACT) publishes a full Catalog every year. The Addendum contains important information that has been updated throughout the year.

In addition to updating our curriculum and program requirements, ACT also updates our institutional information, policies, and procedures. All of these changes must be documented in print and on the web to make it easy for students and staff to find them.

The following question and answer section is designed to respond to common questions about how to use this important document. As always, it is recommended that students seek the guidance from ACT Admissions Office for course information. This document help you access all the most up-to-date information available.

Q. Why do we have an Addendum?

A. ACT is constantly updating curriculum, program requirements, institutional information, and policies. It is important to have a print and web document that helps students and staff locate all of these changes.

Q. How do I use the Addendum?

A. The Addendum is to be used alongside the 2023 catalog. Check your program/ course of interest to see if there have been any changes. Meet with ACT Admission Office if you have questions about how these changes affect your academic plan.

Q. Does the Addendum supersede the Catalog?

A. The Addendum is just that: an addition to the 2023 Catalog. Whatever is listed in the Addendum in terms of new courses and/or new program requirements does supersede what is in the Catalog.

Q. Where can I find the Addendum?

A. The Addendum is on the web www.americancareertraining.edu and can be accessed from ACT Admissions Office upon request. We hope this document will be helpful to you. It has been prepared as carefully as possible to include all information available as of March 2023. American Career Training reserves the right to make changes as needs require, and to change, without notice, any of the information, requirements, and regulations in the Course Catalog and the Catalog Addendum. If you have questions about the content or any other part of this document, please contact the Office at 530-223-5693 or americancareertraining@yahoo.com

What is an Addendum*

An addendum is an item of additional material that is added to a book or document in order to correct, clarify, or supplement the content. In addition to updating our curriculum and program requirements, ACT also updates its institutional information, policies, and procedures. All of these changes must be documented in print and on the web to make it easy for students and staff to find them.
